

Video Recording and Processing Consent Form

I, _____ (name of the responsible person), do hereby consent to the use by _____ (entrant's full name) of the submitted video recordings of my child, _____ (name of the recorded child), and corresponding textual data.

1. I agree that all submitted materials will be used exclusively for the development of a personalized speech transcription system for my child, unless I explicitly approve a different use in writing.
2. I understand that third-party cloud services, specifically the computing resources of Johannes Kepler University Linz, may be used for storing and processing the submitted data.
3. I am aware of my right to designate certain submitted data as "classified." Such classified data (both the video recording and its transcription) will be used solely for machine learning purposes and will not be inspected by any human being.
4. I understand that if the recordings contain voices of individuals other than my aforementioned child, I give consent for these voices to be processed as well. I confirm that I will not submit recordings containing voices of individuals for whom I do not have the authority to grant such consent.
5. I understand that I have the right to withdraw my consent at any time, and upon withdrawal, the data will be deleted from all storage and processing systems as promptly as possible.
